PRESS RELEASE

MEP Regulates Emergency Monitoring Of Environmental Events

Beijing, China –Nov 4, 2010

The Ministry of Environmental Protection has recently issued the “Technical Specifications for Emergency Monitoring of Environmental Events”, which shall be taken as the national environmental protection standards and come into force as of 1 January 2011. The Standards specify distribution, sampling and monitoring projects of the emergency monitoring of environmental events as well as corresponding analysis method of field monitoring and laboratory monitoring, processing and reporting of monitoring data, assurance of monitoring quality and other technical requirements. It applies to emergency monitoring of environmental events caused by the production, management, storage, transport, use and disposal of hazardous chemicals or hazardous waste, accidental factors or unavoidable natural disasters.

Lehman, Lee & Xu is a prominent Chinese corporate law firm and trademark and patent agency with offices in Beijing, Shanghai, Shenzhen, Hong Kong, Macau, and Mongolia.
